Notice for 2015-2016 school year

Absences/Punctuality
Please note that unexplained, undocumented absences over 14 days excluding permitted exam study leave for students of legal school age contravenes national laws. Upon request, the authorities will be informed of any unexplained absences exceeding 14 days.

Students who are habitually late to school will receive sanctions, including but not limited to (for older students) break detentions, after school detentions and eventual suspension. Please help your child understand the importance of punctuality and attendance both at school and for their future patterns of behavior in the adult world.

Uniform
Please adhere strictly to the dress code as explained on the school website. We have had particularly difficult conversations with students over hair style, hair colour and re-tailored trousers (too tight) in recent weeks.

With your cooperation we can raise the expectations and standards of our school for the benefit of your child(ren)’s education.
